

Internet Photo Release Agreement Form

This parental consent form is to both inform you and to request permission to include your child on their teacher's password protected website. This password protected website will only publish photos and limited personally identifiable information (first name only) for current families; no other personally identifiable information (such as a student's full name, residential address, e-mail address, or phone number) will ever be published.

As you are aware, there are potential dangers associated with the posting of personally identifiable information (even when limited) on a web site since global access to the Internet does not allow us to control who may access such information. These dangers have always existed; however, we as a school want to celebrate your child and his/her work, therefore several security measures have been put into place in order to protect your child to the best of our ability. On the teacher's web site, these security measures include limiting personal information to first names only and requiring passwords for site entry. Please note that the school also maintains a general information website without password protection, however it contains absolutely no student photos, student work or personal information.

If you, as the parent or guardian, wish to rescind this agreement, you may do so at any time in writing by submitting a letter to your child's teacher. Such rescission will take effect upon receipt and all photos and/or images of your child will immediately be removed from the teacher's website.
